

SOMETHING'S IN THE AIR

An Air Pollution and Asthma Research and Action Project for Teens

SCHOOL PARTICIPATION AGREEMENT

I _____ (Name) of _____ (School)

am applying to enroll my class to participate in "Something's in the Air" beginning in January 2007.

I understand that by participating in this curriculum I am committing to the following activities:

- 1) I will administer the "Something's in the Air" pre-test, post-test, and evaluation to my participating students.
- 2) I will make dates available for the three "Something's in the Air" guest speakers to make their presentations to my class.
- 3) My class will conduct the three hands-on research projects: the indoor air quality checklist, the outdoor air quality particulate collection, and the asthma survey. Following the data collection, my class will upload the results on the "Something's in the Air" webpage.
- 4) Representatives from my class will attend a meeting with other student representatives from the participating schools to discuss their findings and develop recommendations for community outreach and action.

I agree to these terms of participation in the "Something's in the Air" curriculum.
